Letter No. 163 *dated* 26 February 1912

from the Residency Surgeon, Bangalore.

SUBJECT.

Free out-patient dental department in the Victoria Civil Hospital.

Apparently there is at present none in the Victoria Hospital with special qualifications in dental surgery to attend to cases coming for treatment for dental complaints. Mr. Vaz's offer to open a free out-patient dental department in the hospital is commendable, but if, after advertising his intended withdrawal in this manner, he were to close his department ~~in the hospital~~ the reputation of the hospital would suffer. The Residency Surgeon has not formed his opinion with his views on the subject.

Major Standage spoke about this at our last weekly meeting & I gathered that he was in favour of granting the application. I think it wd perhaps be as well to state definitely that so far as his work in the hospital is concerned he may continue to obey rules etc that the Resd Surgeon may lay down. We might also wait & see what Major Knox's views are on the subject, as Major Standage goes on leave next month.

Asst Surg Resident

I have seen Standage's note.
I have no objection & think it ought to be a good thing - The Dental Drugs will fall within the budget. The Dentist will have to conform to the rules of the hospital & get his drugs from the Residency Surgeon - he will have no separate claim on the budget of the hospital.
